

Funding

Day centres are funded through Adult Social Services Departments and the criteria for admission reflect the current policies of those agencies.

Essentially, centres provide a service for people who, through frailty or disability, are unable to participate in other clubs and societies and would otherwise be socially isolated.

Charges

A contribution is made towards the cost of lunch and this is payable to the Day Centre Manager on the day of attendance. A separate charge is made for day care services in accordance with Adult Services Charging Policy. A financial assessment must be completed, from which an appropriate charge will be calculated. Further information about charges is available from Adult Services (Eastleigh Area):

Tel: 023 8061 8722

Referrals

Referrals to a day centre should be made through One Community. Referral forms are available from the Administrative Office. The Day Centre Manager will make a home visit and carry out an individual assessment before a place is offered.

Comments, complaints or concerns

If you have any comments about Day Care Services, or if you are unhappy about any aspect of the service, please contact the Head of Care Services (details below).

Activities

Each centre aims to provide an enjoyable and stimulating day for those attending. There is a programme of activities and occupations that reflects the comments and suggestions of people attending the centre as well as the ideas of staff and volunteers. Some time is spent in fundraising to finance special events and outings on occasions throughout the year. Guest speakers and entertainers visit the centres and there are links with local communities and schools.
